starts back

Girls development
gymnastics team has
a competition in San
Angelo, TX

Whats new at 6SC? MOM & TOT

With our transition you may have noticed some changes to the structure of our class. Adding a variety of engaging activities, our Mom & tot classes are designed to be fun and interactive, encouraging both physical and emotional growth. We incorporate playful exercises and creative movements to keep the little ones excited and motivated. Parents will also find joy in participating, as they get to witness firsthand the progress their children make and share in those precious moments of achievement.

PRIVATE LESSONS

this is a great way to get your child in the gym for some extra one-on-one coach time. All of our coaches have the opportunity to do private lessons you can even request the coach you would like! You can sign up for private lessons at any time and can be as often as you would like. Stop by the office to get started today!
